Objectives for today's symposium

- ▶ Objective #1: Increase awareness of behavioral health careers and their related pathways.
- ▶ Objective #2: Identify where to locate local educational programs.
 - ▶ Introductions
 - ▶ Four Career Presenters
 - ▶ Question and Answers

What is mental health?

Mental health, as defined by the World Health Organization, is “a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to his or her community.”

FACT

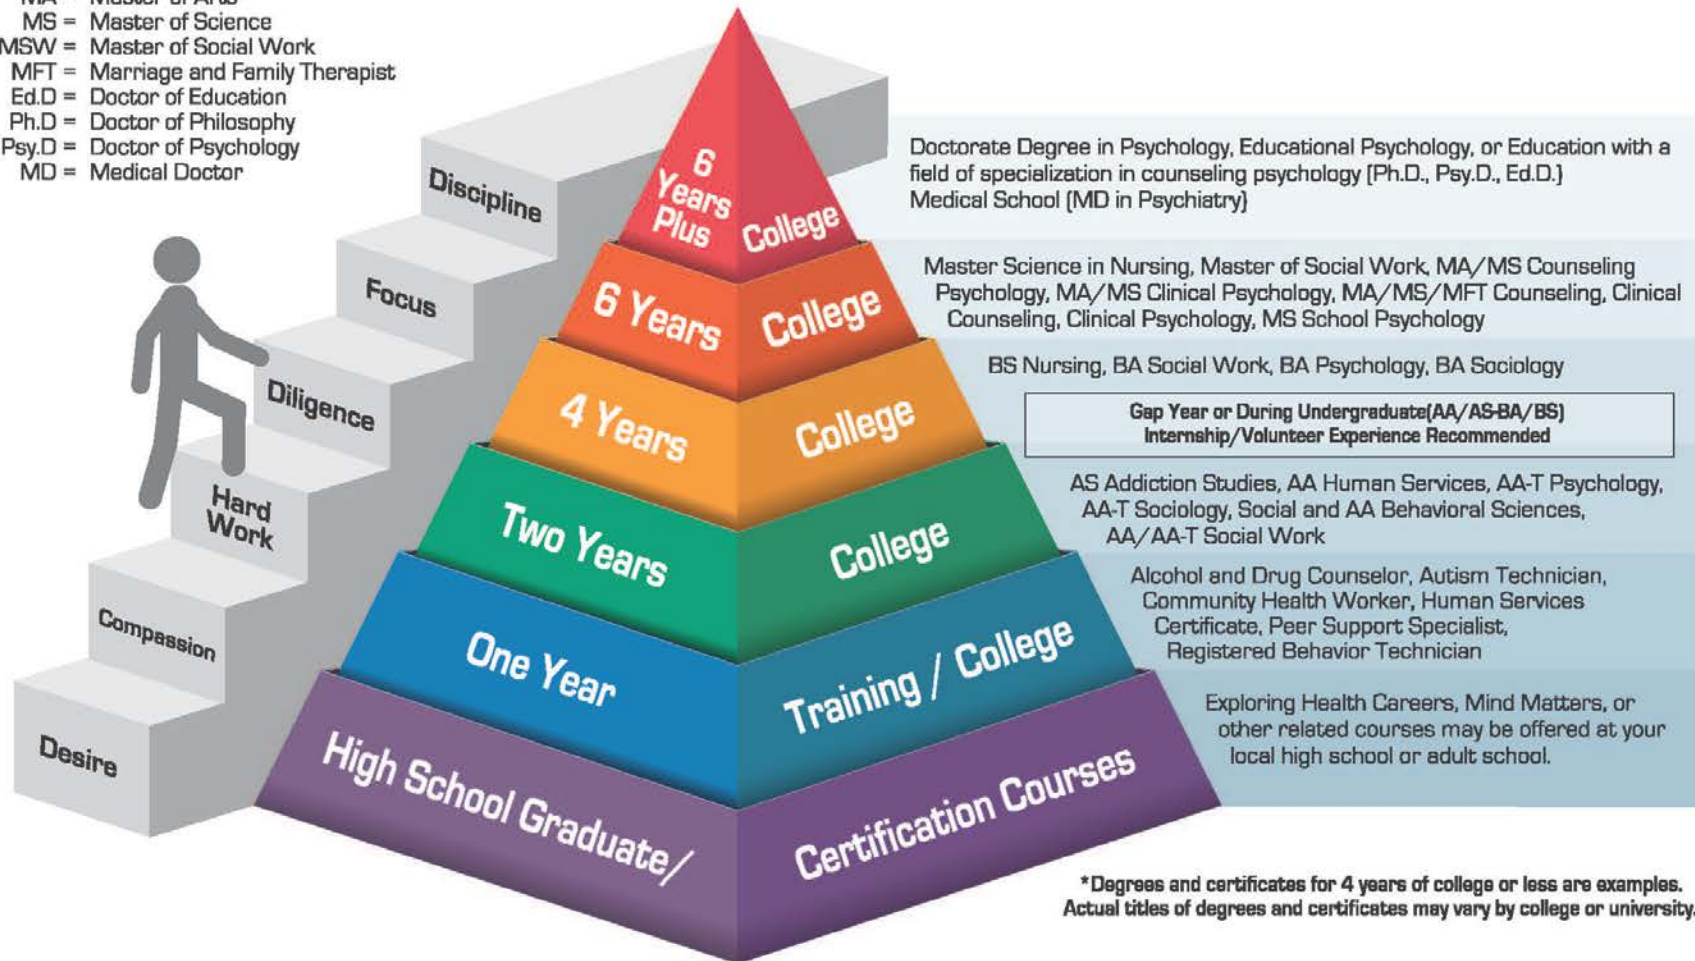

- ▶ **We all experience different levels of mental health throughout our lives.**
 - ▶ Depression is the leading cause of disability worldwide.
 - ▶ *Over 44 million American adults (18.07%), have a mental health condition.*
 - ▶ Less than 50% of U.S. adults with mental illness received treatment in 2018.

There are not enough mental health professionals to go around.

***Pursuing a career in behavioral health
can put you in a position to help others.***

Today's Career Spotlights

- ▶ Case Manager
- ▶ Child Welfare Worker
- ▶ Therapeutic Behavior Interventionist
- ▶ Registered Nurse (Psychiatric)

Case Manager - County Behavioral Health

Case managers are social service workers who coordinate care for their clients. Case managers work with agencies and institutions to ensure that clients get the care they need. A case manager may perform intake interviews to get a better understanding of a client's needs, and then assist a client in connecting with needed services.
