# CCC- CSU Nursing Collaborative

- *Purpose-* To develop and support partnerships between the two public education systems in effort to improve nursing education
- CCC-CSU make up the largest contributors to the nursing workforce in the state
- Public nursing education faces unique challenges and provide unique opportunities

# CCC- CSU Nursing Collaborative

- Challenges in the past have been amplified by COVID-19
  - Clinical facilities have largely shut students out or posed barriers
  - Curriculum has caused changes to become overdue
  - Regulators and policies have caused unnecessary burdens to nursing education overall

# CCC- CSU Nursing Collaborative

- Time to utilize the joint expertise, influence and size of the two systems to work more closely with each other
- Develop unique solutions outside of private and for-profit institutions
- Develop a seamless nursing pathway
- Enhance programming support through policy and funding
