### **Male Mental Health Nursing: *Crucial Conversations***

Webinar Link: [nursetim.com/webinars/Male Mental Health Nursing](http://nursetim.com/webinars/Male%20Mental%20Health%20Nursing)

Data suggest that mental health providers are underutilized by men when compared to women. Additionally, men of ethnically diverse backgrounds are less likely than Caucasian men to seek out mental health resources. Join us in a discussion about this growing problem and how to implement effective strategies as health care providers.

#### **OBJECTIVES**

- Identify mental health problems experienced by men.
- Identify strategies nurses can use to increase mental health utilization.
- Describe creative interventions nurses can use to educate men about addressing their mental health.

#### **PRESENTER**

**Christopher L. Coleman, PhD, MS, MPH, FAAN:** Department Chair and Professor UTHSC College of Nursing. Prior to joining the UTHSC faculty, Dr. Coleman was Director of the Health Equity Collaborative, and the Fagin Term Associate Professor at the University of Pennsylvania, School of Nursing. While at Penn, he served as Chair of the Faculty Senate, and Chaired the Biomedical IRB Panel, and the MPH Admissions Committee in the Penn School of Medicine Department of Psychiatry. Additionally, he served as the Co-Director of the former Center of Health Equity Research Center School of Nursing. Additionally, he has served in key leadership roles in healthcare settings.
